THE PRESIDENT SPEAKS

Mixed emotions, that's one way to describe my feelings. When a person analyzes his feelings after an event that is so difficult, yet so rewarding, mixed emotions is a very descriptive term. These emotions range from pure joy to immense relief. Pure joy would describe the feeling I get when a hand rests on my shoulder and a warm compliment reaches my ear. Immense relief could describe the feeling I have when the subject of my dreams is women and not Conclave.

Conclave has been personally rewarding from the start of my college career. I remember the rookie fright and knocking knees at Clemson, the joy of sweet victory at Auburn, and the many friends made at Virginia. But most of all, I'll not soon forget the lessons learned and the experience gained right here at home. Conclave has taught me the true meaning of words like victory, defeat, teamwork, planning, delegation, work, and reward.

Its certainly been a great pleasure and a treasured experience to be your friend, competitor, and finally host during these past four years. I hope this comradeship continues as we all step into the world, and that we can use what we've learned here to benefit our environment and mankind.

Keith Hawkins

A & M LOGGING SHOW

October 14-15, 1969, marked the fulfillment of many months of hard work by the members of the Arkansas A & M Forestry Club. On these dates, the first SOUTH ARKANSAS LOGGING EQUIPMENT SHOW, sponsored by the forestry club, was held on the A & M campus. The first of its type in this area: the show was the brainstorm of Mr. John Wood, instructor of Forestry at A & M. It was under his watchful eye and guidance that the show became a success.

The purpose of the show was to give logging equipment companies the opportunity to exhibit their equipment under actual woods conditions for potential buyers and users and to provide a source of revenue for the forestry club to use to host the 1971 Conclave.

Work was begun early in 1969, and continued through the summer and fall up until the time of the show.

The west block of the school forest was designated as the site for the show since much of the timber was over mature and needed to be harvested. The area was first subdivided into 12 exhibit areas of approximately 10 acres each. A cruise of each lot was made and the timbered to be harvested was marked and tallied by members of the club. Each area contained about 600 b.f. per acre of pine sawtimber plus some pulpwood size trees to be cut.

One of the biggest jobs was correspondence. During the spring of '69, letters were sent to the equipment companies explaining about the show and inviting them to send equipment and representatives. The companies were given their choice of exhibit areas and were charged an exhibit fee of $300 for each lot, $150 for saw companies. Correspondence with the companies was carried on through the summer, advising them of the latest developments and answering questions concerning the show.

In the fall, invitations were sent to the various wood-using industries, U.S.F.S., Consultant Foresters, and logging contractors in Arkansas, Northern Louisiana, and Western Mississippi. Additional advertising of the show was obtained through the various news media.

The show, covering two days, was attended by approximately 1000 people, representing wood-using industries, logging contractors, forestry consultants, U.S.F.S., equipment companies, and many interested people in related fields. Company representatives came from Michigan, North Carolina, Tennessee, Georgia, Alabama, Virginia, Texas, Oklahoma, New York, and Louisiana as well as Arkansas.

Nine companies--including McCulloch Saw Company, Stihl Saw Company, Pettibone Mulliken Corporation, International Harvester Corporation, John Deere, Ford, Omart Industries, Franklin Equipment Company, and Riggs Tractor Company (Caterpillar)--entered equipment in the show. The equipment included a wide range of log loaders, skidders, saws, dozers, a slash saw, and skidder mounted shears capable of cutting down a tree 24 inches in diameter at the base. All of the equipment was valued at a total $395,000.

A forestry student was assigned as host to each company to aid in operations and to run errands. Students were utilized to cut timber and hook tongs and chokers, and many became quite skilled in handling chain saws and dodging skidders.

Local logging contractors were hired to haul timber to a local sawmill and pulpwood yard. A total of 55,000 board feet of timber and 35 cords of pulpwood was harvested and delivered in the two days. The stumpage value of these products was over $3200.

The visitors and representatives were fed in the Forestry Park adjacent to the show area. The meals consisted of barbecued sandwiches, baked beans, potato salad, cole slaw, soft drinks, and coffee. For the two meals, one side of beef, two hogs, and two goats were open-pit barbecued and consumed.

The show more than accomplished its purpose and was so well received and enjoyed by the many who attended, that another such show has been considered for the future. The forestry club had a profit of $3000 and individual members of the club gained valuable experience in organization and public relations.

A&M FORESTRY FACULTY AND FACILITIES

Henry H. Chamberlin, Professor of Forestry and Head of Dept. (1945). B.S.F., The Pennsylvania State University; M.F. Yale University.

CHAMBERLIN WINS AWARD

Henry H. Chamberlin, Professor of Forestry At Arkansas A & M College, has been awarded the Arkansas Conservation Achievement Award in Forestry for the year of 1970.

He received his Bachelor of Science Degree in forestry from Pennsylvania State University in 1939 and his Masters Degree in forestry from Yale in 1940.

Chamberlin organized and was head of the Department of Forestry at A & M for twenty-five years.

His background of experience includes Forestry Inspector for the Pennsylvania Forestry Commission, Instructor of Forestry, Research Forester, and Farm Forester for Louisiana State University.

Chamberlin organized the Southeast Arkansas Chapter of the Society of American Foresters and was chairman for five years. He served on numerous committees of the Ozark Section of the Society.

He has been a member of the advisory committee at the Crossett Experiment Station from its inception. He is a member of the Society of American Foresters, the American Forestry Association, and the Forest Farmers Association.

Timothy T. Ku, Professor of Forestry (1959). B.S. University of Nanking; M.F., Ph.D., Michigan State University.

Elwood B. Shade, Associate Professor of Forestry (1957). A.B., Juniata College; B.S., M.F., The Pennslyvania State University; additional graduate work, University of Minnesota; University of Washington.

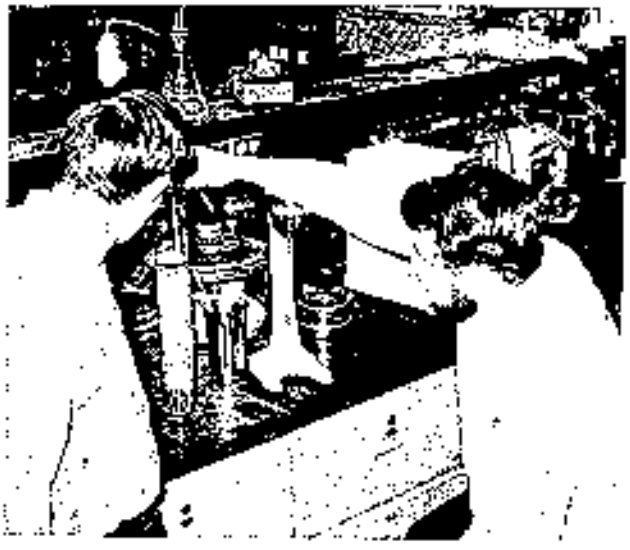

E. Wesley McCoy, Associate Professor of Forestry (1953,1958). B.S.F., M.S.F., Purdue University.

John W. Allbright, Instructor of Forestry (1970). B.S.F. Arkansas A&M College; M.F. Duke University; additional graduate work at University of Arkansas.

Richard K. Holdren, Assistant Professor of Forestry (1962). B.S.F., The Pennsylvania State University; M.F., Duke University.

A&M TO BECOME UNIVERSITY

After serving the state for 62 years, Arkansas A & M College has now moved into university status by a merger with the University of Arkansas.

A & M has the only forestry school in the state and it was through this very department that the merger between A & M and the University of Arkansas began . . . and was finally completed and signed into law on January 20, 1971.

Without doubt, university status will change the image of this quiet, tree-lined campus situated on 812 acres, three miles from the city of Monticello.

University of Arkansas and A & M officials are hopeful for a big increase in forestry students. In fact, most feel the college has the potential to grow into the nations finest School of Forestry Resources.

The nearness of Arkansas' giant wood-product corporations (Georgia-Pacific, Potlatch and International Paper Co.), and the location of the A & M campus inside the state's vast forest lands make it possible for the school to become a nationally-recognized forestry research institution.

It is felt that, as a university, a large number of federal and industrial grants will become available in forestry and other areas.

The forestry students and faculty maintain an additional 800 acres of forest lands, which reportedly is an asset no other college or university forestry department can match.

The faculty on the A & M campus now numbers 99 teachers. There are 16 faculty members holding doctorate degrees and 8 more are nearing completion of theirs.

Two degrees are available to students: the Bachelor of Arts and the Bachelor of Science. Thirty-seven possible majors are available for the selection of the students.

Recently, an option to strengthen the existing wildlife program within the Department of Biology was approved by the Board of Trustees at A & M.

The program will emphasize the needs of ecology and environmental science. It will add one staff member to the department and will also add three courses to the current curriculum: Wildlife Investigational Techniques, Animal Physiology, and Fisheries Management.

The new program is expected to go into effect in the fall semester of 1971.

University status will eventually bring graduate work to the Southeast Arkansas area. When it does come, it will probably begin in forestry and then spread over into education and possibly business.

MINUTES OF THE FOURTEENTH ANNUAL CONCLAVE BUSINESS MEETING

The business meeting of the Fourteenth annual A.S.F.C. Conclave was called to order at 6:30 p.m. C.S.T. with Keith Hawkins presiding.

Those present at the meeting were: Florida, Georgia, North Carolina State, Virginia Polytechnic Institute, Mississippi State, S.F. Austin, Clemson, Oklahoma State, Tennessee, Arkansas A & M, and Auburn.

OLD BUSINESS

Discussion was held on where to hold Conclave next year as there was no known list available. The section of the constitution concerning selection of the host school was read aloud.

Oklahoma moved that a list be compiled designating a host for the next eleven years, and that the other list, if found, be declared void. Motion was seconded and carried unanimously.

Virginia moved to hold Conclave next year at Florida. The motion received a second but failed seven to four.

Oklahoma moved to hold Conclave in 1972 at Oklahoma State University. The motion was seconded and carried ten to one.

Tennessee and Florida submitted bids as the host school for the 1973 Conclave. The vote was ten for Florida and zero for Tennessee with Tennessee abstaining.

The Protest Committee moved that in Rule IAS the words be added that "log chopping cants and pole falling poles will be assigned randomly at the Conclave. Motion was seconded and carried unanimously.

EVENTS

I. Cross-cut Sawing
Oklahoma moved to change the size of the cutting cant from a 10" X 10" to a 12" X 12". Motion was seconded, but failed seven to four.

S.F. Austin suggested that contestants should know ahead of time what arrangements have been made to hold the cutting cant.

Oklahoma moved that the contestants only should lubricate their saw (bow sawing also). The motion was seconded and carried.

II. Pole Climbing
Georgia moved that each contestant be allowed two (2) practice climbs on the competition pole with the time to be set by the host school. Motion received second and was carried ten to one.

III. Log Birling
Georgia moved that the last pairing of the double-elimination be excluded. Motion was seconded but failed.

Rule 8f now reads: "the winner shall be determined by a double-elimination tournament.

IV. Log Rolling
Tennessee moved that course stakes shall be dowels 3/8 inches in diameter. Motion received a second but failed six to five.

Oklahoma moved that slats 1" X 1/4" or smaller be set with the long axis placed perpendicular to the log rolling course. Motion was seconded and carried.

V. Bait Casting
Tennessee moved that the rules be clarrified to state that any standard, commercial reel may be used. Motion was seconded and carried.

VI. Log Chopping
Virginia moved that the species for chopping, bow-sawing, and cross-cut sawing be made known to each school by January 1st. Motion was seconded and carried.

VII. Bow Sawing (see log chopping and cross-cut sawing)

VIII. Wood Technology (see new business)

IX. Dendrology (see new business)

NEW BUSINESS

Oklahoma moved to hold a Wildlife event on a trial basis until all schools have a bona fide Wildlife Department. Motion was seconded and carried

Georgia moved that Bill Shain of Clemson be contacted and asked to serve as parliamentarian and recorder at A.S.F.C. Business Meetings. He shall serve as long as he is a faculty member of an A.S.F.C. school or a tenure of five years which ever comes first. Motion was seconded and carried. Reed Parker of Georgia was appointed to contact Mr. Shain.

V.P.I. moved that all schools receive a list of tree species by January 1st. from which tests will be given in Wood Technology and Dendrology. Motion was seconded and carried.

The Business Meeting of the Fourteenth Annual Conclave of the A.S.F.C. was adjourned at 10:58 p.m. C.S.T. April 24, 1971.

FIRE FIGHTING

CONSTITUTION OF THE ASSOCIATION OF SOUTHERN FORESTRY CLUBS

ARTICLE I. NAME.

The name of the organization shall be the Association of Southern Forestry Clubs.

ARTICLE II. OBJECTIVES

A. To benefit the forestry clubs of the various southern schools by an interchange of ideas and stimulation of good fellowship among the club members.
B. To establish and maintain:
   1. Unity of purpose and action within and among the southern forestry clubs.
   2. A high standard of professional ethics.
   3. Closer cooperation and relationship between students and professional foresters.
C. To hold an annual conclave

ARTICLE III. MEMBERSHIP.

A. Qualifications.
   1. Any forestry club of a university or college of Alabama, Arkansas, Florida, Georgia, Kentucky, Louisiana, Mississippi, North Carolina, Oklahoma, South Carolina, Tennessee, Texas, Virginia, or West Virginia granting a baccalaureate degree in forestry, or equivalent, with a major of forestry, or a higher degree in forestry, shall be eligible for voting membership in this association upon a majority approval of a petition submitted to the voting member clubs; or by application by representation at the Annual Conclave.
   2. Charter Members: Louisiana State University, University of Florida, Stephen F. Austin State College, Mississippi State University, Oklahoma State University, University of the South, University of Arkansas at Monticello, Auburn University, University of Georgia, North Carolina State College, and Clemson Agriculture College.
   3. Any Forestry Club of a senior university or college within the state listed in Part 1 of this section not granting a baccalaureate degree in forestry, shall be eligible for associate membership upon a majority approval of a petition submitted to the voting member clubs.
B. Privileges.
   Member (each club) are entitled to one vote and full participation in all conclave activities.
C. Dues.
   1. The Annual dues shall be one hundred ($100) dollars for each member club. Entering clubs shall pay a reduced rate to be set by the Association.
   2. The dues shall be used to pay for correspondence, publications, and other association expenses of the host club and any excess funds may be the host club's.
   3. The dues for the year will be paid to the host school by January 1, preceding the Conclave.

ARTICLE IV. OFFICERS.

A. The officers of the association shall be:
   1. President - elected from and by the host club.
   2. Vice-President - one elected from any by each member club.
   3. Secretary - elected from and by the host club.
   4. Treasurer - elected from and by the host club.
   5. Editor - elected from and by the host club.
B. The Duties of the Officers.
   1. The duties of the President shall be:
      a. To preside at all meetings of the association.
      b. To appoint committees.

c. To be responsible for submitting an officers report to the accumulative files upon the completion of ASFC Conclave.
d. To be responsible for obtaining reports from each of his committees and officer heads of the host club.
e. To perform all other duties necessary.

2. The duties of the Vice-President shall be:
a. To act as a representative of his club.
b. To notify the president of his election.
c. To complete a report of the activities of the association, and be responsible for submitting materials to the host club for annual publication.
d. To be responsible for submitting to member clubs publications within his club and maintaining an accumulative file of ASFC correspondence.

3. The duties of the Secretary shall be:
a. To keep the minutes of all meetings of the association and to conduct all correspondence relative to the business of the association.
b. To submit an officer's report for the accumulative files, completion of the ASFC Conclave.

4. The duties of the Treasurer shall be:
a. To receive and have custody of all money paid to the association.
b. To keep a careful record of all receipts and expenditures.
c. To prepare a financial report for publication in the annual issue of "THE SOUTHERN FORESTER".
d. To be responsible for the collection of dues.

5. The duties of the Editor shall be:
a. To gather and edit all material for the annual publication, "THE SOUTHERN FORESTER".
b. To see that the provisions of Article VII are carried out.

C. Tenure of Office
Officers are to hold office until the next Annual Conclave with the exception of the editor, who will serve until the publication is distributed.

D. Election of Officers.
1. The President, Secretary, Treasurer, and Editor of the Association shall be elected by the host club at their first club meeting following the Conclave.
2. Vice Presidents of the Association shall be elected by their respective clubs at their first meeting following the Conclave.

ARTICLE V. MEETINGS.

A. Time of meetings.
1. Meetings shall be during the annual spring Conclave on the last night of Conclave.
2. The exact time of the meetings is to the discretion of the host club.

B. Election of Host Club.
1. The host club shall be selected from bids submitted by member clubs at each annual meeting by a roll call majority vote two years in advance.
2. In case of tie, the president shall cast the deciding vote.
3. No club shall be host more than once in three years.
4. If a previously elected host notifies the members of the ASFC, by October 1 of the year before it is to hold the conclave, that it cannot hold the conclave, the president shall solicit bids from the members and then send a ballot to each member club to be voted on in writing.
5. The host club shall be alternated from east to west whenever possible.

C. Files.
1. Accumulative files shall be maintained by the host club and shall include all member reports and correspondence.
2. Each file shall contain a copy of the ASFC Constitution.

ARTICLE VI. AMENDMENTS

The constitution may be amended or revised by a two-thirds vote of the voting member clubs.

ARTICLE VII. PUBLICATIONS.

A. Title. The title of the publication shall be "THE SOUTHERN FORESTER."
B. The constitution shall be published annually in the publication of "THE SOUTHERN FORESTER."
C. The past host club shall publish the ASFC periodical within one month after the Annual Conclave.
D. Securing items for publications.
   1. The articles shall be edited by the member club and submitted to the host club.
   2. Article to be printed in the current issue must be in the hands of the publishing editor not later than the time of the Annual Conclave.
E. Distribution.
   Each conclave contestant will receive one (1) copy of "THE SOUTHERN FORESTER." A minimum of twenty (20) will be sent to participating member clubs.
F. Proceeding of the Conclave.
   Proceedings of each Annual Conclave, including minutes of the business meetings, will be published by the past host club in the annual publication.

ARTICLE VIII. CONTESTS.

A. Competitive events will be held at each Annual Conclave.
B. There will be 15 standard competitive contests at each Annual Conclave.
   1. Standard events:
      a. Dendrology
      b. Compass and pacing
      c. Timber estimation
      d. D.B.H. estimation
      e. Pole classification
      f. Wood technology
      g. Chain throwing
      h. Axe throwing
      i. Knife throwing
      j. Pole climbing
      k. Bow sawing
      l. Log rolling
      m. Cross-cut sawing
      n. Log chipping
      o. Bait casting
   2. Scoring will be based on the number of schools participating in the Conclave. First place winners in field events will be awarded a number of points equal to the total number of schools participating. Second place winners receive 1 less point than the total number of participating schools, third place winners will receive 2 less points than the total number of participating schools, and so on with each succeeding participant who satisfactorily completes the event receiving one or more points. First place winners in technical events will be awarded a number of points equal to the number of participating schools multiplied by 1.5. Second place winners will receive 1.5 points less than the total number of points awarded first place winners, third place winners will receive 3 points less than the total number of points awarded first place winners, and so on with each succeeding participant who satisfactorily completes the event receiving 1.5 or more points.
C. In addition to the 15 standard events established in Section B, there may be a maximum of five (5) contests at the discretion of the host club, provided that these contests be specified with rules and explanations at the preceding Annual Conclave. Requests for omission of any standard contests will be made at the preceding Annual Conclave with a two-thirds (2/3) majority vote necessary for approval.
D. The standard set of rules will be made and approved by the voting members of the ASFC.
E. Selection of judges of all contests will be left to the discretion of the host club except in the event the host club participates; then judging will not be done by members of the host club.
F. Only students presently enrolled in a school or department of forestry will be eligible to enter ASFC events. In the case the University of Florida and the University of the South, freshman and sophomore students presently enrolled and who have declared an intention of enrolling in the forestry department or school at the beginning of their junior year will also be eligible for participation.

G. The contestant must meet the same requirements as are specified for individual participation in school athletics.
The contestant must be an undergraduate student and he must meet his own school's requirements both scholastically and in credit for athletic participation.

H. In the event that the Conclave delegation or spectators from any member school intentionally or otherwise interfere with the progress of any event in the Conclave, that delegation shall forfeit the rights to score any points in that event.

I. VPI is hereby considered a member of the ASFC by vote taken on May 4, 1963.

J. A table of random numbers will be used to choose order of team's participation in each event. This order will be sent to each participating school before the Conclave.

K. Contest protests must be filed with a committee of staff members within fifteen (15) minutes of the individual infraction. The protest committee shall be composed of three (3) staff members of schools within the Association. They shall be appointed by the host school and cannot serve as judge in any event.

L. Contestants in the log chopping event must wear hard-toed footwear· the use of shin guards is left to the individual's discretion.

M. Tennessee is hereby considered a member of the ASFC by unanimous vote taken on April 8, 1967.

N. The University of the South is hereby no longer considered a member of the ASFC after the submission of a letter of resignation on April 12, 1969.
