LETTER FROM THE CONCLAVE PRESIDENT

Dear Friends,

Looking back over the past four conclaves, each had it's own unique features and ours was rain. Luckily there were no reported drownings. Hopefull the rebate will buy your club a party and take away some of the misery suffered in the food lines and in the rain.

I would like to thank Greg Bond, conclave vice president and my left arm; "Jimbo" Evans, my coordinator and chief "hay-you"; Robert Koether, Sylvans Club president; Dr. Ray Hicks, conclave advisor; and Bruce Cutter, chief field judge. These were the crutches that carried me through.

In closing, I wish Clemson the very best for the 21st AFSC conclave. You can beg, borrow, steal and pray all you want, but its up to you to make the sacrifices needed to make a successful conclave.

I would also like to thank the AFSC for four of my most memorial experiences and the Sylvans Forestry Club of the comradeship needed to get through these few years of college. I hope to see many of you in '78.

Yours in the spirit of conclave,
J.E. "Yazoo" Thomas
Conclave President

LETTER FROM CONCLAVE ADVISOR

Dear Friends:

It has been a distinct pleasure for me to serve as Conclave Advisor to the Sylvans Forestry Club for the 1977 ASFC Conclave. No doubt the Sylvans worked hard, therefore my task was made easy. We had a few problems including the weather but in spite of these, things ran smoothly and Conclave was a success.

The most outstanding feature of this conclave, to me, was the unusual amount of good will, patience and sportsmanship displayed by the Conclave attendants. It renewed my faith in humanity and made me both glad and proud to be a forester. It is more than a coincidence that such people are attracted to the discipline.

Forestry schools have changed in the past 13 years, since my graduation. Many have increased in size, enrollment and faculty. Innovative programs and stiffer curricula have been developed. We have women in forestry! But in spite of these changes, forestry students remain essentially the same in personality traits. They represent the fundamentals which I consider to be "good" in humanity and I am proud to be associated with them.

The spirit of Conclave gives voice to the traditions of forestry — not in the events themselves, for many of these traditions of loggers and lumberjacks rather than foresters. The real meaning of Conclave is borne out of the associations which provide a forum for the expression of attitudes and behavior of foresters. I hope we can preserve Conclave and its meaning for a long time to come.

Sincerely yours,
Ray R. Hicks, Jr.
Conclave Advisor
