A Word From The President…

The Auburn Forestry Club was proud to host the 44th Annual ASFC Conclave. Our club put a lot of hard work and time into the preparations for this year's Conclave. We began planning and raising money in the spring of 2000. By the Fall we had the Conclave website up and running, which proved to be the most beneficial idea we had. The Internet allowed us to effectively communicate with all the schools and work out any problems well in advance. It allowed us the chance to get to know some of the officers from other clubs and make a few friends before conclave took place.

I owe a great debt to the alumni, faculty and staff of the Auburn University School of Forestry and Wildlife Sciences. Without their time and dedication this year's conclave could not have run as smoothly as it did. The staff at camp ASCCA proved to be a major factor in the success of conclave as well. I would also like to say that I was very fortunate to have been surrounded by such an outstanding group of forestry club officers and members. They are hard working and dedicated members that the ASFC should be proud of. Anytime there was a task that needed done, all I ever had to do was ask.

I would like to congratulate SFA for their big win. You guys deserved it. Congratulations to all the individual winners as well. I would also like to thank all the schools for their competitiveness and good sportsmanship. This was my third Conclave and every year I am amazed at the overall sportsmanship shown by each school. I guess that is just the spirit of conclave and it makes me proud to say that I am a Southern Forester.

I hope that the 44th Conclave was as memorable for everyone who attended, as it was for me. I wish everyone the best of luck in their forestry careers and hopefully I will run into some of you down the road.

War Eagle!
Sincerely,

Jeff Norwood
ASFC President

Southern Foresters:

On Sunday April 1, 2001, as I watched the last truck-load of gear pull out of Camp ASCCA, I breathed a great sigh of relief. After 16 months of planning, one week of set-up, 2 days of competition and 1 day of take-down and clean up, the 44th Annual Conclave hosted by Auburn University was finished.

Looking back at the event and the planning process I need to thank those people that made this event possible. First, this event could not have taken place without the hundreds of hours of donated time from the Conclave & Site Coordinators, Lane Messer and Dick Martin. Ms. Lane kept track of all the mail, e-mail, letters, shirts, plaques, sponsors and maintained the web site for all the other teams to get their information. Thanks Lane. Dick Martin, having helped host Conclave in 1988 had what we call "institutional memory". It is one thing to read the rules and know what needs to be done for each event, it is quite another to know what is NEEDED for each event. Dick knew that we needed at least 20 "widgets" for archery and 30 "wingdings" for log chopping and had everything ready to go. Thanks Dick.

To the Faculty and Industry Judges that took the time to scout out the area and take the time to give the club's their expertise to each event. As a forest pathologist, what did I know about pole classification? Thanks to all the faculty and industry helpers, your part helped the club a lot.

To the club officers, Jeff Norwood, Jeremy Lowery, Jacob Pierce and Stephen Hudson. Your ability to keep track of the hundreds of details, loose ends and my constant requests was the "glue" that held everything else together. You rose to the occasion and did a bang-up job and should be proud of your efforts as you graduate and move onto the "real world" of forestry. I wish you well in your endeavors.

To the 13 other teams, thanks for your participation and cooperation at Camp ASCCA. Two of my goals included 1) that no one get hurt, and 2) everyone have a good competition. Except for a few splinters my first goal was achieved and I've received nothing but good comments concerning the event since. I am glad you all had a good competition. A very special congratulations to Stephen F. Austin University for taking first place. Your club did one heck of a job in all the events and are certainly deserving of the Championship title - Kudos to you all.

After hosting Conclave, one thing is for sure, I have a much greater respect for those schools that hosted it previously, and I am looking forward to ATTENDING next year's conclave rather than hosting.
War Eagle.
Sincerely,

Scott Enebak

A word from the editors.....

We would like to begin by thanking everyone who helped in putting on such an exciting Conclave at Camp ASCCA this year. It turned out to be a great success. We would also like to thank the schools for taking some wonderful pictures (a few surprises) for us to choose from when we were putting together the Southern Forester. We would also like to extend a special thanks to Mrs. Lane for keeping us in line and also to Jeff Norwood for all his support.

We have to admit that this was our first Conclave to actually attend and it was nice to see such sportsmanship between the schools. We were not sure what to expect when we arrived at Camp ASCCA but we were pleasantly surprised once Conclave was over.

We hope that everyone enjoys this year's Southern Forester as much as we enjoyed sifting through the stacks of pictures and reliving all the memories. Good luck to everyone this year and to the graduating seniors, we hope you all are successful in your careers. Good luck to Texas A&M next year and see you all there! War Eagle!

Arkansas

As always Conclave was great. The food was good, beer was cold, and the rolling log was as crooked as a coon's %&%#. We appreciate Auburn and all their efforts. We also want to say thanks to our southern buddies at Louisiana Tech for all their support. Until next year.....

Moral up

K. Contest protests must be filed in writing with a committee of staff members within 15 minutes of the individual infraction. From an alphabetical list, those schools in odd-numbered positions (1, 3, 5, 7, 9, 11, 13) shall provide one member for the protest committee for the 1979 Conclave. Those schools in even-numbered positions (2, 4, 6, 8, 10, 12, 14) shall provide one staff member for the 1980 Conclave. This alternate-year rotation system shall be continuous.

S. West Virginia University is hereby considered a member of the ASFC by a vote taken on

V. In case of a tie for the Ten Year Cup, the decision will be made by total number of points from the past ten years.

W. The host school should come up with non-point events to be distributed by November to other schools for their approval or disapproval as to whether the events should be conducted.

X. Jack and Jill Cross-cut Sawing was officially designated one of the Standard Competitive Contests (a "point event") by unanimous mailed-in votes from the Member Clubs on April 1, 1992. This corrects an omission in that the status of the Jack and Jill Cross-cut Sawing event was never officially voted upon, although it was thought to be a "point event."

Y. Guidelines for the Photogrammetry contest were developed by Clemson and distributed by Louisiana Tech. These guidelines were established as part of the rules for the Photogrammetry event by unanimous vote (mailed-in) from Member Clubs on April 1, 1992.

Z. In the event of any display of unsportsmanlike behavior the contestant will automatically be disqualified with no points awarded for the event, with final determination made by the Protest Committee. Passed by unanimous vote on March 25, 1993, and becoming effective March 26, 1993. Last Updated 9/07/2000.
