Dr. Nix

Hello ASFC members and attendees of Conclave 2003 at Clemson University!

I wanted to extend a personal note of thanks to all those who attended the conclave at Clemson, and left us with a feeling of satisfaction in having worked so hard to make this a great conclave. I have attended roughly 23 conclaves and hosted three now; so I can speak with some authority on the subject. The camp director was pleased when we left. What more can I say after the Auburn debacle? (No reflection on the Auburn folks at all). With some hitches the last conclave turned out to be a "piece of cake," as the late Dr. Shain would say (he attended over 40 conclaves as advisor to our club). Thanks to all who worked so hard before and during the conclave. Thanks to all the advisors for their, well…"advice." The conclave could not happen without all the advisors pitching in and helping. A deeply felt thank you to all our sponsors and contributors for making this one of the most successful conclaves I have ever attended. An special heartfelt thanks to our editor, Charlotte Feltman, for all her hard work in putting together this Southern Forester edition.

On a more serious note: As a result of the unfortunate incident at the awards ceremony and a long standing problem with alcohol at past conclaves there will be some major changes at the next conclave (Miss. State). Please check with your advisor about the seriousness of these changes.

Most of all remember the following: the future of the conclave, as we know it, is in each of your hands. We must strive to make our beloved conclave more professional and attractive to the many families who attend. Go ASFC!!!

A roaring hello from the Clemson University Forestry Club! As the host of the 2003 Association of Southern Forestry Clubs annual Conclave, we overcame many hurdles to ensure the success of this great tradition. All our hard work paid off when we witnessed the excitement of members from each club as they participated in the many events. As you thumb the pages of The Southern Forester you will be reminded of the shrieks of laughter, the chants, the smiles, and the numerous congratulations given and received. We at the Clemson Forestry Club hope this publication will remind you of what Conclave is all about and why this great tradition must continue.

For Southern forestry students nothing can compare to the ASFC Conclave. It gives members of our association the opportunity to congress, and to show the southeastern region of the United States of America who we are, what we know, and what we are capable of accomplishing. The core of the ASFC Conclave is teamwork, leadership, and sheer determination; mixed with the raw pride forestry club members feel for their own organization and chosen career. It is our very own Olympics, Super Bowl, and World Series rolled into one. This is the time and place where our educations and physical skills are put to the test. It is a tool used to exercise our knowledge; and a door of opportunity we can open to start our careers. In four days we come together as strangers and in the end we say goodbye to life long friends, acquaintances, future business partners, and fellow employees.

At Conclave we are able to expand our ability to organize, communicate, and follow through ideas as we strive for a common goal. To make conclave a success, we work together, listen to, and respect the opinions of our membership; we help and are helped by one another. It is also the cooperation and leadership of all the members participating in the ASFC to develop and carry out new ideas to better solve problems, which will arise. These experiences, this teamwork, will be invaluable in all our future endeavors. The number of respected members from the forestry industry, who return annually to participate in and sponsor Conclave, is proof of its value. This chance for students to meet and mingle with these supporters is a door that should remain open.

The future of Conclave now lies in the hands of the many students who will attend next year. It is their behavior that has the potential to close that door on future generation forestry students. Our clubs must learn to take care of and be responsible for their own. We must come together as an association to ensure that our behavior reflects this event's professionalism and dignity. Conclave is a place for forestry students to start a positive reputation for themselves and their clubs. We want to come together in good spirit and fun, but avoid the mistake of excess. Each of you as a member, as a future participant, has the potential to determine whether Conclave lives or dies.

As the conclave committee chairperson, I can easily say that taking this responsibility was daunting. It was only through the motivation and determination of the club membership, with the support and guidance of the faculty, that a successful Conclave was accomplished. Our conclave was a success because of the teamwork that started within our own club and ended with the teamwork shown throughout the whole association.

We hope that "Conclave Tiger Style" will be remembered for years to come and that the Annual ASFC Conclave will remain as it has for 46 years. For where else can young foresters welcome the coming of spring with a little healthy competition, the accomplishment of teamwork, and a doorway that can lead to endless possibilities.

Charlotte

It was a pleasure to have each one of you in the upstate of South Carolina! Constructing your 2003 Southern Forester has been a time consuming, yet fun experience. It was great to re-live the events of March 27- 29 again as I sorted through all the many pictures trying to pick out the ones to provide the best variety.

I have to say a special thanks to many folks! "Thank you" to those who graciously worked with me to gather group pictures for the Southern Forester. A special thank you goes to Daniel Kimbril at Transformations, Inc., the designer; and Joe Kimbril for being the "messenger man" through it all. I would also like to extend a special thanks to Jeff Pekarek and Kelley Hinson for creating the score spreadsheets; and Vernon Hiott and Dr. Nix for putting up with all my emails. And especially a sincere thank you to all who helped take pictures for the Southern Forester—Dr. Vick Shelburne, Dr. Mike Fountain, Molly Sanford, Michael Weeks, Tiffany Harrell, and each school who returned their disposable camera.

As we meet again in 2004 at Mississippi State, everyone should understand that Conclave will be undergoing some change. It is up to us as students of the southeastern region whether they will be changes for the best, or for the worst. Please remember the friends, memories, pride, competition, and adventure of not only this conclave, but also all the conclaves each of you have attended in the past. We, as an association, have to prove we cherish our conclaves and will do anything to uphold the annual tradition. So I hope this Southern Forester serves its purpose—to remind you of those memories that "Conclave Tiger Style" brought forth.

To all of you Clemson Foresters, I am proud of each and every one of you pulling together as a team to host the 46th annual Conclave!! Go Tigers!! Mississippi State… good luck!

I hope you enjoy as you browse through the pages of your 2003 Southern Forester; it was a privilege to assemble!

AB. Article VIII Section F was amended to add Auburn University and the University of Arkansas to the list of schools that may have currently enrolled freshmen and sophomore students compete in Conclave.

NOTE: Regarding ARTICLE V. PARAGRAPHS A and B

In recent copies of the Constitution of the Association of Southern Forestry Clubs, paragraph B has been omitted. However, a reading of the 1974 Southern Forester shows that paragraphs A and B were:

A. Time of Meetings

1. The business meeting will be held on the Friday preceding the ASFC field day

2. The exact time of the meetings is at the discretion of the host club.

B. Election of Host Club

1. The host club shall be selected from bids submitted by member clubs at each annual meeting by a roll call majority vote two years in advance

2. In case of tie, the president shall cast the deciding vote

3. No club shall be the host more than once in three years

4. If a previously elected host notifies the members of the ASFC, by October 1 of the year before it is to hold the conclave, that it cannot hold the conclave, the president shall solicit bids from the members and then send a ballot to each member club to be voted on in writing.

5. The host club shall be alternated from east to west whenever possible.

At some point in time, it was decided to revise these paragraphs; the current statement is contained in Paragraph A, with Paragraph B deleted. However, no documentation is available regarding that meeting. The approved Schedule of Hosting, with yearly updates aligns with Section V; Paragraph A, Number 5 of the Constitution.

Nature can't fit into a classroom.
Neither can her lessons.

There's a lot a kid can learn out in the forest. That's why we build nature trails, sponsor field trips and initiate outdoor programs for the children in the community. So while our company's name has changed, nothing is different about our commitment to bringing kids a little closer to nature.
