THE SOUTHERN FORESTER

2009

Alabama A&M University

52nd Annual Southern Forestry Conclave

Hosted by:

Alabama A&M University Forestry Club

March 12-14, 2009
Winfred Thomas Agricultural Research Station and
AAMU Agribition Center

School of Agricultural and Environmental Sciences

Alabama A&M University

Letter from the AAMU Forestry Club President:

Compared to how long it took to plan, it seemed like the conclave was over before it began. But next year, we will have more time to visit with old friends and make new ones at the Southern Forestry Conclave in Monticello, Arkansas. Thanks everybody for coming to our conclave. We were proud of it despite the problems with the weather, and hopefully you enjoyed your visit to our campus. Thanks to all that participated in their event to test their forestry skills and improve them. That makes us all winners. Speaking of winners, congratulations to Arkansas who edged out Stephen F. Austin by a single point. What a contest! We were also happy to welcome back a charter member of the Association of Southern Forestry Clubs to conclave this year, Louisiana State University. From their scores, it looks like they maintained their training schedule (5th place overall). A big shout out goes to the Florida Forestry Club who helped us prepare to host the conclave.

The business meetings this year did not produce any rule changes for events, but focused instead on the eligibility of forestry clubs that attend conclave without a faculty advisor. Several faculty advisors raised the issues of safety and discipline problems that could occur for students that come to conclave on their own. A variety of opinions were expressed during the discussions at the business meetings with most presidents agreeing that advisor attendance was necessary, but wanting to give clubs a couple of warnings before barring them from competition, especially in cases where clubs were in transition between advisors. It was recognized that the faculty advisors are required by some Universities to travel with their students for them to be allowed to attend the conclave, and further discussion of these issues would continue among the advisors that regularly attend conclave.

We especially want to thank our advisors and our university administration for supporting our efforts to bring the Southern Forestry Conclave to our campus, “the Hill”, for the first time. It was a team effort and everybody can be proud of the part they played in this forestry sports and technical competition.

Justin Ryan Farr, AAMU Forestry Club President, 2009

Letter from the AAMU Faculty Advisor:

Thanks everyone for a great conclave in Alabama. I never dreamed that we could host such an event five short years after joining the Association of Southern Forestry Clubs. Obviously, we had a lot of help and it showed. First, let me thank three students that nearly gave the last full measure of devotion toward the success of the conclave: Ryan Farr, Grant Donnelly and Bobby Jackson. Of course, students are the most important thing about conclave, and I was proud to see ours step up and make it happen. My co-advisor, Dr. Kozma Naka also deserves my gratitude. His willingness to come alongside of my efforts to give our students a chance to sharpen our skills with the best forestry students in the land has helped sustain our commitment to excellence. Our forestry program Director, Dr. Ken Ward, was understanding of our "time away" planning this event, and generous in praise when it was over (he even came to help clean up the mess the day after conclave ended). Our Department Chair, Dr. Teferi Tsegaye, and Dean, Dr. Robert Taylor, gave permission for us to conduct this competition on our campus agricultural research station and Agribition center, which simplified my job immensely. Many colleagues, partners, alumni, and friends donated money, time or services. Stihl's support was greatly appreciated, as was a conclave surplus from the University of Florida that allowed us to get rolling early. Go Gators! Donors and those that gave special assistance are listed at the end of this report with the reminder that the last are not least. They are first where it really counts.

Best wishes to the champion of our conclave, the University of Arkansas at Monticello, as they prepare to host the conclave in their neck of the woods next year. May the sky be sunnier for you than it was for us. Perhaps my only disappointment in conclave was due to rainy, cold weather that forced the cancellation of the pole climbing event. More than a dozen students trained earnestly for this event, and it was only because safety of the contestants was our prime concern that some conclave dreams were not realized. My hat is off to all of you for just being able to climb the darn thing in the first place! For me, the conclave was a great success when no one got seriously injured, killed, or arrested. But seriously, the wonderful students that participated made it a memorable conclave for me. May all who attended the 52nd annual Southern Forestry Conclave also have lifelong memories of the experience that will enrich your forestry career.

Dr. William E. "WES" Stone
